## Company Profile

A large photograph showing several high-voltage power transmission towers (pylons) against a dramatic sunset sky with orange and blue hues. The towers are silhouetted against the bright light of the setting sun.

***A TOTAL SOLUTION***

## AXIS ELECTRICAL COMPONENTS (I) P. LTD.

### Our Vision

To be a leading global enterprise providing innovative & value based solutions in the Electrical & Energy Sector.

### Our Mission

AXIS is committed to deliver excellence and superior value to our customers, shareholders, employees and society at large. Our mission is driven through the 4 pillars of:

- 1. Customer Centricity:** To become the "Supplier of Choice", delivering products and services and creating value for our customers.
- 2. People Centricity:** To be the "Employer of Choice", nurturing and developing talent, fostering teamwork & capability with a high sense of pace, passion and pride driven by value & culture.
- 3. Community Centricity:** To be recognized as a responsible corporate citizen through facilities, being legally compliant and driven by a strong corporate governance.
- 4. Business & Technology Centricity:** To drive innovative, efficient & effective systems, processes and delivery backbone backed by technology for a sustainable and scalable business growth and value.

## Company Profile

### Leading Manufacturer & Exporter

Axis is the leading Indian Manufacturer & Exporter of a wide range of Electrical Components used in Electrical Installations and in the Equipment Building industry. Our main customer base consist of Distributors/Wholesalers of Electrical Products, Electrical Contractors & Installers, Equipment Manufacturers, Maintenance Companies and Government Authorities.

### Exports to more than 80 Countries Worldwide

Over the years, Axis has supplied high quality and tested products to thousands of customers in over 80 countries. As a result, the Axis brand has become synonymous with Quality.

### International Certifications

Axis invests heavily in continuous improvements in its products and manufacturing processes. This allows Axis to always be ahead of the curve through certifications and approvals from around the world. Products manufactured by Axis follow widely accepted international such as BS, DIN, UL, NFC, AS/NZ & Indian Standard (IS). CRISIL India, an S&P subsidiary, rated Axis as having the highest performance capabilities and strong financial strength.

### Constant Improvement

Axis's dual focus on foreseeing customer requirements and looking at the future of the industry, translates to a continuous desire to evolve and upgrade our product offerings.

### Quality Management

Our goal is to provide each customer with products, systems and services that meet the highest standards of quality. To assure quality management, Axis has achieved an ISO 9001 Certification.

## Cable Lugs & Connectors

Axis manufactures wide range of Lugs and Connectors sizes ranging from 1.5mm<sup>2</sup> - 1200mm<sup>2</sup> of Copper, Aluminum & Bimetal.

These products are Compression or Bolted type. Popular standards such as BSEN, IS & UL are followed to manufacture and to test these Connectors.

## Grounding & Lightning Protection System

AXIS provides the complete range of Grounding products in order to achieve total protection for Structures, Equipment and the community.

These products are manufactured in accordance to International standards such as IEC, BSEN, UL & IS.

## Aerial Bundled Conductor Solutions

AXIS Aerial Bundled Cable (ABC) fittings provide high quality, long lasting and safe solutions for LT distribution networks.

We have supplied these products to major utilities across the world and our products are manufactured as per NFC, IEC, BS EN and IS standards.

## Cable Glands, Cable Cleats & Cable Ties

AXIS Cable Glands and accessories are manufactured according to the functional requirements of IEC 62444 and DIN standards. AXIS Cable Cleats are manufactured in accordance with IEC 61914. AXIS Cable Ties can be supplied with other accessories like Markers, I.D. Tags & Carriers used in oil refineries, petrochemical industries and other utilities worldwide.

These cable ties comply to UL-1565 and BS EN 62275 standards.

## AXIWELD Exothermic Welding

AXIWELD is a simple, cost efficient, self contained and portable process of forming high quality permanent connections.

These products are tested in accordance with IEEE 837.

## Overhead Line Hardware

AXIS offers a complete range of Overhead Line Hardware for LV, MV & HV Electrical Distribution Line Systems.

These products are manufactured taking into consideration International standards such as BS, IS and utility specific requirements.

## OEM Components

Axis offers wide range of Non Ferrous Metal & Plastic components used by OEMs. These products are manufactured as per Customer specific requirements and design.

## Manufacturing Facilities

Axis manufactures more than a wide variety of products, in metals and plastics, using a gamut of manufacturing processes, such as forging, casting, and plastic moulding, to produce goods as per country specifications around the world.

The manufacturing process adopted at AXIS, enables alignment to rapid change in technology and elevate product quality with optimum use of energy and resources. The products are manufactured in conformance with International standards such as IEC, BS EN, DIN, UL, IEEE, NFC, REC & Indian Standards for respective product categories.

## In House Testing

At Axis, we have in-house facilities to test all our products as per International Standards (UL, IEC, NFC, etc.). We have the capabilities to test our products in the disciplines of electrical, mechanical and chemical complying to requirements of ISO 17025.
